# ABOUT US

From the great development witnessed by Qatar and the desire of every day with the overall economic boom; Al-Umara Trading was founded in 2002 to provide its services in the provision of construction machinery and equipment projects that serve the construction. The company serves various types of equipment. In Addition to import from abroad. The company keened to secure the equipment from the most important international brands.

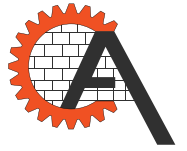

Al-Umara commercial is an exclusive agent for several international agencies, including:

- Stream of the mixers and Welder
- Breakers: the movers and asphalt Scissors
- Mondial : Scissors for marble and granite blocks
- R. C. M: the Shakers.

Added to that is a major distributor for companies like Dioalit - Makita - Dub - Black And Dekker.

Al-Umara Trading is pioneer in providing better services to its customers standard specifications and high quality and competitive prices.

## CHAIRMAN MESSAGE

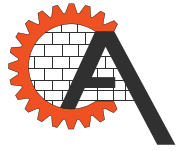

Al Umara Group is a modern, diversified company that is deeply rooted in Qatar, with its long and successful heritage. We are a business that is focused on building value and delivering success.

We work with local and international partners, ensuring quality in delivery in everything we do. Having experienced immense success in the Qatar market, we have continued to invest in our current businesses as well as expand to a range of exciting new sectors in the region.

In all that we do, Al-Umara Group recognizes the importance of its legacy; we deeply respect and support the communities in which we operate, acting as an ethical business.

Chairman.

## **MISSION**

Provide an outstanding level of service and expertise in the market.

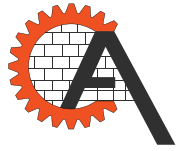

## **VISION**

To archive the highest possible standards in the industry, We recognize the need to be flexible. We believe in teamwork, innovation, professionalism and long-term decision making.
